

# Phycology Journal

*Phycology Journal* is a new and exciting open-access journal dedicated to the exploration and dissemination of cutting-edge research in the field of phycology. The journal aims to provide a prominent platform for discoveries and insights related to all aspects of algae, from their basic biology to their applied uses.

Editor-in-Chief: Prof. Dr. Burkhard Becker

The journal welcomes contributions relating to algae from areas including, but not limited to:

- **Diversity and taxonomy**
- **Physiology and biochemistry**
- **Ecology**
- **Biotechnology and its applications**
- **Culture and cultivation**
- **Global climate change**

APC waivers  
available for all  
publications

## Publishing in Phycology Journal

- All accepted manuscripts are automatically granted a **full APC waiver**.
- The journal is fully **open access**, with no paywall or subscription fees.
- Publications will automatically be included in **indexing platforms** once the journal is listed.

## Joining the Editorial Board

- Act as an ambassador for the journal, promoting it amongst your research networks, inviting colleagues to submit their work for publication.
- Gain editorial experience by overseeing the peer review process for manuscripts submitted to the journal.
- Participate in editorial board meetings, helping to develop the journal's development strategy.

## Reviewing for Phycology Journal

- Gain review experience by reviewing manuscripts submitted to the journal.
